Come and join the PAHS varsity players and coaches for the 8th annual Rider Baseball Clinic. This season we will be doing the clinic on a Saturday afternoon following the Babe Ruth try-outs. Our coaches and players will be teaching fundamental skills that will benefit every player regardless of skill level. We will provide a positive learning environment where everyone can be successful. It's a great opportunity for your child to meet and spend time with our players and pick up some new skills that will help them with their upcoming seasons!

As always, any area coaches who would like to attend are invited to come and talk with the coaches about our program. We will also have copies of many of the drills and skills we teach in our program for those who would like them. We hope to see you there.
